

Wayland, April 30th, 1860

Mr. Walcutt,

Dear Sir,

53 If Mr. Garrison con-
-cludes to go to England, I wish he would take
the enclosed letter to Mr. Channing. If he does
not go, I should like to have it taken by the
young Englishman who has the palsy. If neither
of them can take it, you may return it to me by
Mr. Child, who will be in Boston in a day or
two. I wish you would give the enclosed bill to
the palsied young man, and say to him it is
to buy some little comforts for his voyage. Please
not say anything to Mr. Garrison about it, as he
will resist it. If the young man is gone to England
you may put the bill in an envelope, and return it to
me by Mr. Child; but not otherwise.

Yours cordially,

L. Maria Child
